Semester--- BTech 3rd, 5TH & BTech 2nd civil
Introduction to Cyber Security BCSM 0001

Time: 1 Hour

Maximum Marks: (50 X 2) = 100

Instruction for students: *Attempt All Questions*

1. Cyber law mainly deals with which of the following?
a) Crimes and offences related to computers b) Traffic rules
c) Property transfer laws d) Company registration
2. Cyber jurisprudence refers to _____.
a) Legal philosophy of cyberspace b) Traffic system analysis
c) Medical ethics d) Business policies
3. The primary need for cyber law arose due to _____.
a) Increasing population b) Rise of e-commerce and online crimes
c) Poor internet speed d) Lack of computers
4. The IT Act 2000 was mainly introduced to _____.
a) Regulate banks b) Provide legal recognition to electronic transactions
c) Control cyber cafés d) Increase tax on computers
5. Which of the following is NOT a conventional crime?
a) Theft b) Murder c) Phishing d) Kidnapping
6. The major difference between cybercrime and conventional crime is _____.
a) Tools and methods used b) Motivation c) Punishment d) Location
7. Which of the following is an example of unconventional cybercrime?

(1)

30-1537

a) Easy availability of tools
b) Poor lighting in cities
c) Expensive gadgets
d) Lack of electricity

a) Planting trees b) Sending bulk spam or DDoS attacks
c) Cooking d) Video editing

a) Installing security patches
b) Avoiding social media
c) Buying expensive laptops
d) Using only mobile data

a) Online social engineering
b) Manual robbery
c) Street violence
d) Physical kidnapping

a) Physical following b) Online harassment or monitoring
c) Road accidents d) Medical negligence

a) Handwritten notes b) Any evidence stored or transmitted electronically
c) Printed books d) Photocopies

a) Using someone's ATM card illegally b) Borrowing notes
c) Using friend's laptop d) Watching movie online

a) Human psychology b) Weather c) Agriculture d) Music systems

(2)

a) Roads b) Stored data and access controls c) Certificates d) Printers

17. Which backup type stores only changed data since last backup?

a) Full backup b) Incremental backup c) Cloud backup d) Differential backup

18. Archival storage is mainly used for _____.

a) Long-term preservation of used data b) Gaming
c) Daily desktop use d) Temporary browsing

19. A firewall operates mainly at which level?

a) Network b) Transportation c) Agriculture d) Manufacturing

20. VPN provides _____.

a) Encrypted communication b) Free Wi-Fi
c) Online gaming d) Screen sharing

21. IDS stands for _____.

a) Internal Data Source b) Intrusion Detection System
c) Instant Data Service d) Internet Digital Security

22. Access control primarily ensures _____.

a) Who can access what b) Internet speed
c) Data compression d) Cloud hosting

23. A logic bomb is triggered by _____.

a) Specific event or condition b) Night mode
c) Charging the device d) Turning on Bluetooth

24. A macro virus often infects _____.

a) MS Office documents b) USB cables
c) Monitors d) Speakers

25. Denial of service (DoS) attack affects _____.

a) Availability b) Cooking c) Printing d) Download speed only

26. E-commerce fraud often targets _____.
A) Electronic payment systems b) Window shopping
c) Newspapers d) Gardening
27. Digital signature ensures _____.
a) Authentication & Integrity b) Fast internet c) File compression d) Backup
28. Public key cryptography uses _____.
a) One key b) Two keys (public & private)
c) Cloud server d) BIOS password
29. A Trojan horse appears to be _____.
a) Useful software but contains malicious code b) A hardware device
c) A physical horse d) A computer brand
30. Worms are different from viruses because they _____.
a) Replicate without host program b) Need a host
c) Are harmless d) Are hardware-based
31. IT Act 2000 covers which of the following?
a) Digital signature b) Cyber offences
c) E-commerce legality d) All of the above
32. Section 66 of IT Act deals with _____.
a) Computer-related offences b) Password recovery
c) Mobile charging d) Software installation
33. Copyright protects _____.
a) Original creative works b) Food recipes
c) Physical buildings d) Land ownership
34. Patent protects _____.
a) Inventions and processes b) Song lyrics c) Books d) Paintings
35. Copyright in computer programs falls under _____.

a) Literary work b) Artistic work c) Sound recording d) Dramatic work

36. WIPO stands for _____.

a) World Intellectual Property Organization b) Western Internet Protection Office

c) Wireless Information Processing Organization d) None

37. Software license ensures _____.

a) Legal use of software

b) Phone warranty

c) Online shopping

d) Free internet

38. Which treaty deals with digital rights?

a) WIPO Copyright Treaty

b) Paris Treaty

c) NATO Treaty

d) Warsaw Pact

39. Which of the following is NOT protected by IPR?

a) Ideas b) Copyright c) Patent d) Trademark

40. Under IT Act, "electronic signature" is legally valid under _____.

a) Section 3 b) Section 10A c) Section 1 d) Section 80

41. Cyber terrorism mainly targets _____.

a) Critical infrastructure b) Cafés c) Schools d) Home Wi-Fi

42. Social engineering attack exploits _____.

a) Human weakness b) Routers c) Servers only d) Software bugs only

43. Zero-day attack occurs when _____.

a) Vulnerability is unknown to developer b) Virus is old

c) Antivirus is updated

d) No data exists

44. Shoulder surfing is used to steal _____.

a) Passwords b) Mobile cover c) Laptop charger d) Headphones

45. A honeypot is used to _____.

- a) Trap attackers
 - b) Increase wi-fi speed
 - c) Update browsers
 - d) Block pop-ups
46. Data disposal guidelines require _____.
a) Secure deletion or destruction b) Dumping in trash
c) Compressing using WinZip d) Uploading to cloud
47. Trademark mainly protects _____.
a) Brand names and logos b) Passwords
c) Photographs d) Computer processors
48. Phishing is commonly performed through _____.
a) Fake emails b) Physical letters c) Cable TV d) Radio
49. The weakest link in cyber security is usually _____.
a) Human users b) Strong passwords c) Encryption d) Hardware
50. The legal foundation for cyber offences in India is _____.
a) IT Act 2000 b) IPC 1860 c) Motor Vehicle Act d) RTI
